

HARIMAU MINT CAPITAL

Empower. Grow. Thrive.

The image features a central smartphone displaying a trading application. The app's interface includes a balance of \$2,000.00, tabs for Quotes, Trades, and History, and a search bar for instrument search. Below the search bar are categories for FAVOURITES, SHARES, FOREX, INDICES, and CRYPTOS. The app is set to the US market. The main display shows four market entries:

Instrument	SELL Price	Change	BUY Price
BRENT (UK) Spot Oil	102.292	-0.211%	102.446
USDJPY (Euro vs Japanese Yen)	138.462	-0.114%	138.503
EURUSD (Euro vs US Dollar)	0.99966	+0.05%	0.99980
MSFT.O (Microsoft Corp)	264.59	-0.461%	265.40

Surrounding the smartphone are several floating icons: Bitcoin (blue square), Ethereum (yellow square), Apple (red square), Meta (blue square), Tesla (grey square), and XAU/USD (green square). A yellow vertical bar is on the left side of the image.

1.MAE (Multi Asset Enhance) :

Unlock a World of Trading Opportunities

Forex | Shares CFDs | Crypto CFDs | Metals | Energies | Indices

- MAE offers investors and traders access to various asset classes, including forex, bonds, commodities, equities, ETFs, derivatives, and cryptocurrencies. Our comprehensive "pack" of financial tools opens up new possibilities for maximizing your investment potential.

Key Features:

- **Margin Trading:** Seasoned traders can leverage margin trading to open positions with increased profit opportunities. With margin trading, you can amplify your potential returns, accessing lucrative trades previously out of reach.
- **Crypto Margin Trading:** While traditionally more common in Forex markets, margin trading has gained popularity among crypto traders. Despite the higher volatility of cryptocurrencies, leveraging margin trading offers attractive profit potential, similar to other asset classes.

Platform

HARIMAU MINT CAPITAL

Key Features:

- Understanding Margin and Leverage:** Margin represents the capital invested proportionally to the total position held, amplified by leverage. For example, with 200x leverage and a \$200 account balance, a position of \$20,000 is attainable with a mere 1% margin. This multiplier effect magnifies
- Limited Risk:** It's important to note that losses are not multiplied by leverage. The maximum loss is limited to the initial investment before applying leverage.

2. Gold Project

(Physical Gold | DGSA | DGCA | DGAE)

Physical Gold Investment Options

- Invest confidently in physical gold through our wide range of high-quality gold bars and coins. Our offerings cater to various investment needs, providing flexibility and peace of mind.
- **Our Physical Gold:**
Choose from a diverse selection of gold bars and coins crafted from pure, 24-karat gold. Available in sizes ranging from 0.1 grams to 1000 grams, our products meet the highest standards of authenticity and quality. Each item proudly bears our company's stamp of approval and comes sealed in tamper-proof packaging.
- **Investment and Collection:**
Our gold bars and coins are suitable for both investors and collectors. Easily stored and transported, they can be readily converted into cash when needed. Smaller denominations of 0.1 and 1 gram offer entry-level investment opportunities, while 100-gram and 1000-gram options accommodate those seeking more significant investments.
- **Portfolio Diversification:**
By adding physical gold to your investment portfolio, you acquire a tangible asset that provides stability and protection. Hold your wealth in your hands and safeguard your financial future.

- **Quality Assurance:**
We take pride in the quality of our products and prioritize customer satisfaction. Our gold bars and coins are hall-marked, certified, and authenticated, ensuring purity and weight accuracy. Trust us to deliver the finest products as you secure your financial future.

Physical Gold Investment Options

- We take great pride in the quality of our products and are committed to providing our customers with the highest level of service.
- Our gold bars and coins are hallmarked, certified and authenticated to ensure their purity and weight. Trust us to provide you with the best products to secure your financial future.

Type : Gold Coin

WEIGHT (gram)	Size (mm)	Purity
0.1	8mm	999.9
1	16mm	999.9
1 Dinar	18mm	999.9

Type : Gold Bar

WEIGHT (gram)	Size (mm)	Purity
1	8.9mm x 14.7mm	999.9
10	15.8mm x 26.5mm	999.9
100	26mm x 44mm	999.9

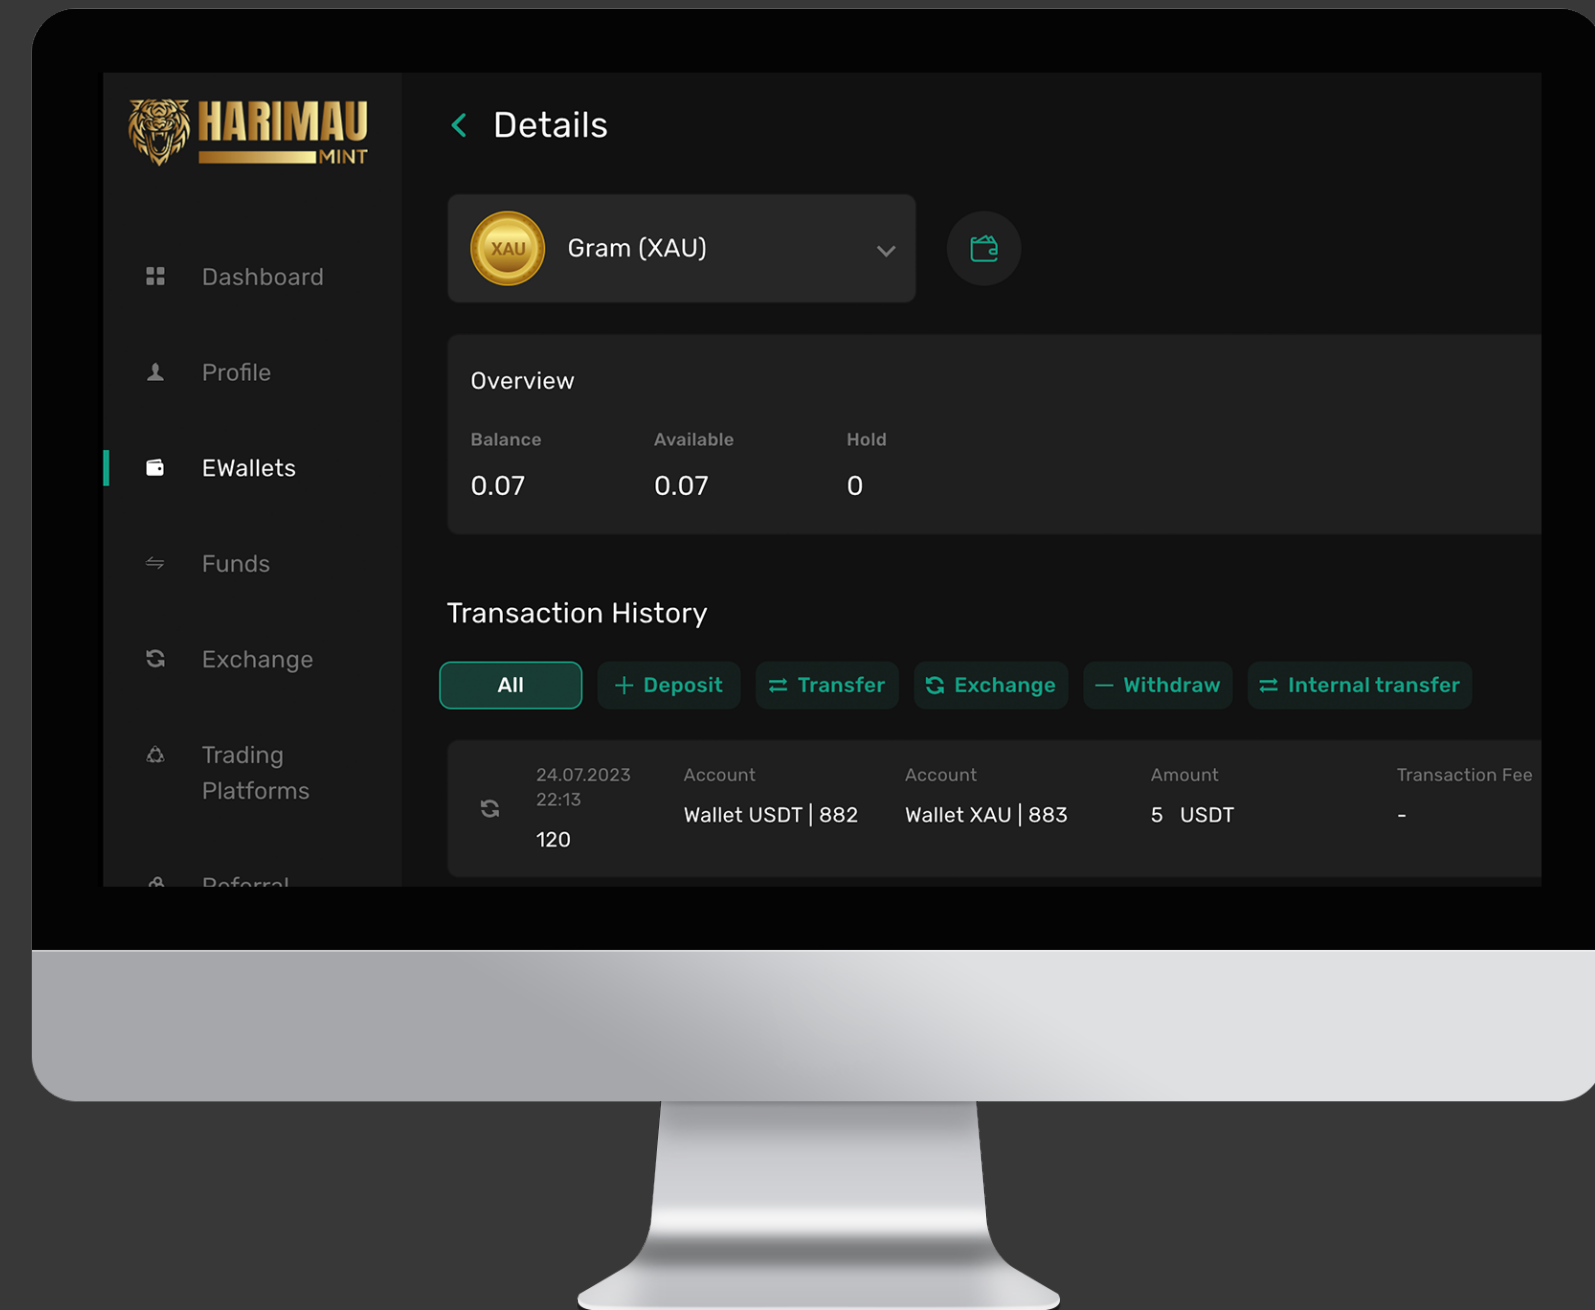

DGSA

(Digital Gold Saving Account): Revolutionize Your Gold Investment

- Invest in gold like never before with DGSA, a cost-effective and accessible way to own fractional amounts of this precious metal. Experience the convenience of digital gold, offering easy storage, real-time trading, and secure investment.

Key Features:

- **100% Backed by The Vault:** DGSA is backed and verified in The Vault®, providing transparency and security. Our reserve exceeds 100% of the Gram Total Supply issued, ensuring the safety of your investment.
- **Real-Time Trading:** Buy and sell digital gold at the current market value, maximizing opportunities presented by market movements.
- **Accessible for All Budgets:** DGSA accommodates all budgets, enabling anyone to invest in gold without limitations.
- **Portfolio Diversification and Inflation Protection:** Enjoy the benefits of gold ownership, such as diversifying your portfolio and safeguarding against inflation, without needing physical storage or maintenance.

DGCA

(Digital Gold Convert Account): Revolutionize Your Gold Investment

- DGCA offers a seamless online gold pawn account, providing convenient access to the value of your digital gold. Request up to 80% of the "HMG buy" gold value from your Digital Gold Storage Account (DGSA) or withdraw in any crypto asset you choose, directly converting it to cash or fiat money. This flexibility allows you to explore new investment opportunities while retaining ownership of your gold.

Key Features:

- **Convenient Access to Value:** DGCA enables you to access up to 80% of the value of your digital gold, providing liquidity without selling your precious asset.
- **Expand Investment Opportunities:** Use the withdrawn funds to invest in a wide range of products without selling your gold, maximizing your investment potential.
- **Security and Simplicity:** Enjoy a secure and straightforward process to access the value of your digital gold, ensuring a hassle-free experience.
- **Portfolio Diversification and Inflation Hedge:** Benefit from owning digital gold, diversifying your portfolio, and safeguarding against inflation while accessing the value of your investment.
- Leverage the value of your digital gold holdings with DGCA. Experience the convenience, flexibility, and wealth-building potential of digital gold investment.

DGAE

(Digital Gold Account Enhance): Revolutionize Your Gold Investment

- DGAE is a groundbreaking product that offers leveraged gold trading, providing the opportunity to amplify your investment returns. With DGAE, you can control a more significant position, leveraging up to 10 times the capital invested.

Key Features:

- **Increased Investment Potential:** DGAE empowers investors to enhance their returns by trading gold with leverage, capitalizing on market opportunities
- **Risk Considerations:** It's important to note that trading with leverage also carries increased risk, including the potential for losses exceeding the initial investment. Understand the market and product thoroughly before engaging in leveraged trading.
- **Seizing Gold Market Movements:** DGAE allows you to take advantage of gold price movements by going long. The product employs gold contracts or CFDs as the underlying asset, offering flexibility and convenience in gold trading.
- Maximize your gold investment returns with DGAE. Gain increased market exposure and control over a more prominent position. Understand the risks and product operation before investing wisely. Unleash the potential of DGAE for enhanced gold investments.

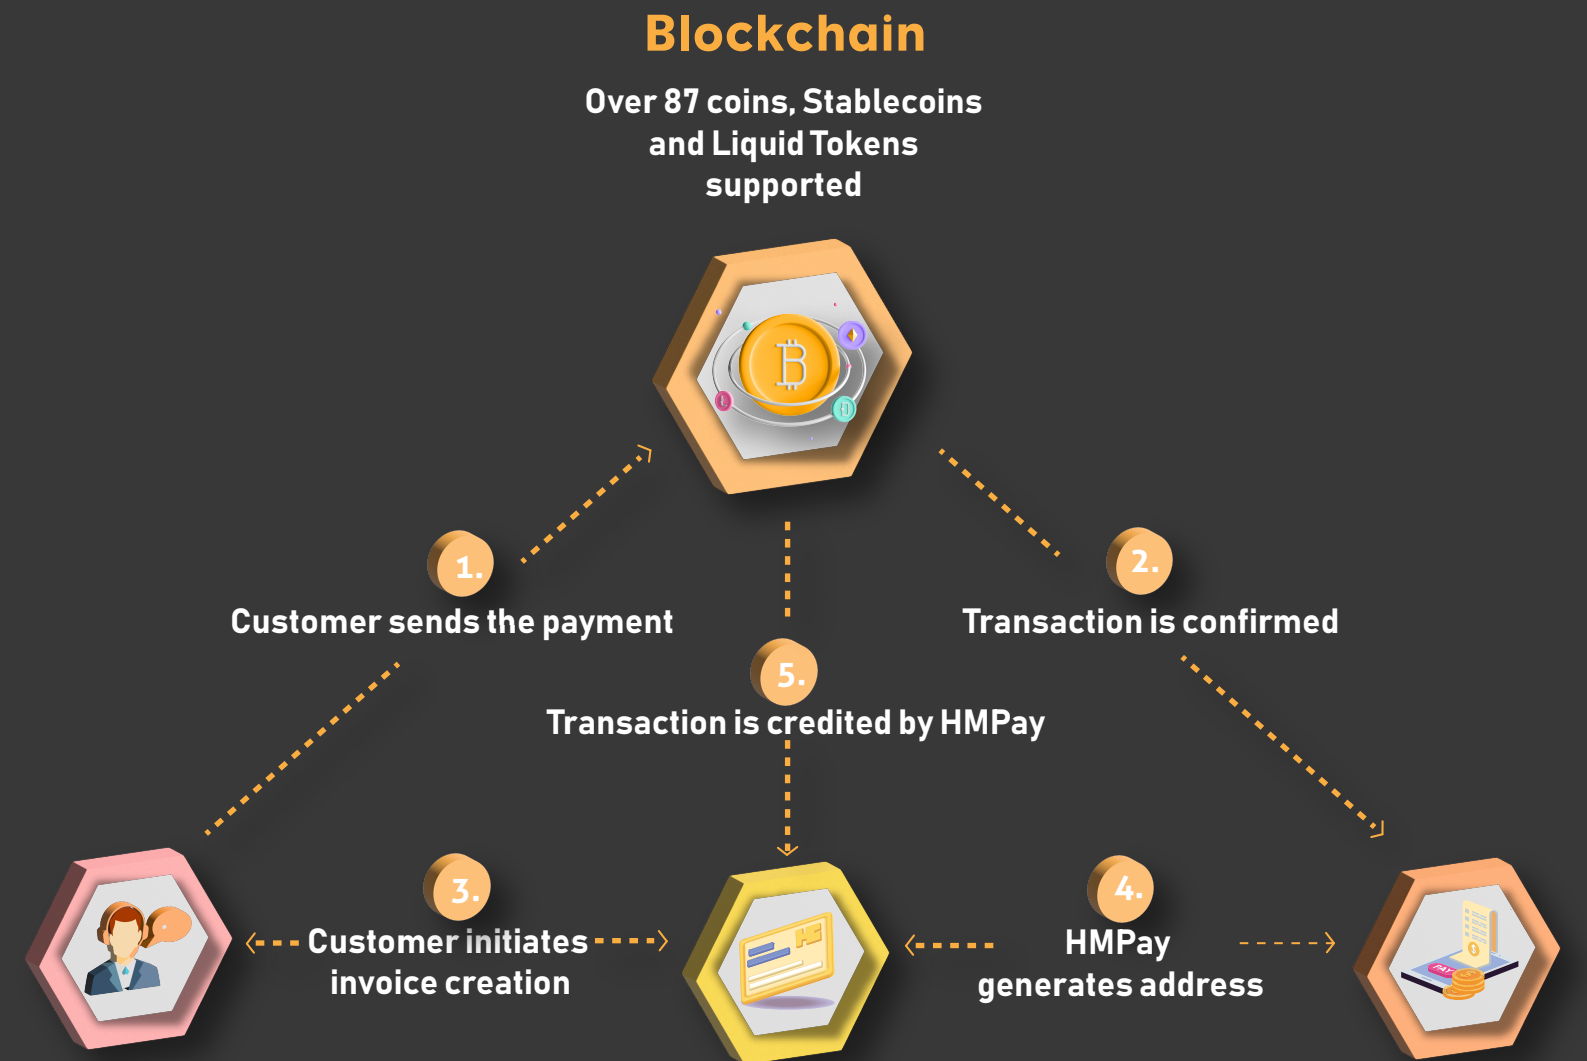

3. BLOCKCHAIN – HMPAY (Merchant & Payment Gateway)

- Our platform now accepts a wide range of native coins, including BTC, ETH, BNB, Ripple, Litecoin, and many more. Seamlessly process transactions with these leading cryptocurrencies, ensuring fast and secure payments.

Key Features

- **Native Coin Acceptance:** Transact effortlessly with cryptocurrencies like BTC, ETH, BNB, Ripple, Litecoin, and more.
- **Seamless Processing:** Experience smooth and secure transactions powered by blockchain technology.
- **Expanded Investment Options:** Explore innovative features, including decentralized applications, mobile wallets, smart contracts, and cross-chain compatibility.
- **Robust Security:** Rest assured with our advanced security measures and encryption protocols.
- **Real-time Monitoring and Reporting:** Stay informed with comprehensive reporting and real-time insights into your portfolio.

- **Future-Proofing:** Stay ahead in the rapidly evolving digital landscape by embracing native coins and cutting-edge tokens.
- Experience the future of finance with our comprehensive platform. Unlock new investment opportunities and secure your financial future with ease.

4. NFT Marketplace

CITYSCAPE LIFESTYLE

- CityScape International collaborates with us to introduce an NFT Marketplace that revolutionizes real estate investment. Utilizing blockchain technology, NFTs represent ownership of real-world properties in digital token form. Fractional tokenization allows properties to be divided into smaller shares, enabling broader access to investment opportunities.

NFT Marketplace

CITYSCAPE LIFESTYLE

● BENEFITS:

Accessibility

Fractional tokenization makes real estate investment accessible to a broader audience by allowing the purchase of fractional shares instead of the entire property. This empowers small investors to participate in the real estate market.

01

Liquidity

NFTs offer high liquidity, facilitating ease of buying, selling, and trading on various platforms. Investors can quickly liquidate their investments when desired.

02

Transparency

Blockchain technology ensures transparent and immutable records of ownership and transactions, fostering trust and reducing fraud in the real estate market.

03

Automation

Smart contracts automate revenue distribution and property management decisions, reducing costs and enhancing efficiency.

04

Unique ownership

NFTs represent unique digital assets, securing ownership records and preventing fraud.

05

Decentralized

NFTs can be bought, sold, and traded globally on decentralized platforms.

06

Cost-effective

Tokenization reduces costs associated with buying, selling, and managing properties, making real estate investment more cost-effective.

07

NFT Marketplace

CITYSCAPE LIFESTYLE

- **Collaboration:**

We have partnered with CityScape International, a renowned real estate development company based in Bangladesh.

Their expertise in residential and commercial projects, coupled with their commitment to utilizing modern green technologies, ensures exceptional quality.

With successful ventures in apartments, shopping malls, and commercial buildings in Bangladesh and expansion plans in Dubai, London, and Indonesia, we are united in enhancing property development and achieving mutual growth.

Experience the future of real estate investment through our innovative NFT Marketplace in collaboration with CityScape International.
